DISSENTMENT.

She stood on the cool piazza  
As the shadows of evening fell,  
And I gazed on the lovely maiden,  
Entranced by her beauty's spell.  
The balmy evening breeze  
Fanned with soft golden tress;  
And her eyes were swimming  
In a sea of tenderness.  
Her lips, just slightly parted,  
Were tinged with the coral's flame,  
And I thought that her cheeks' bright  
Blushes  
The hue of the rose would shame.  
While gazing in admiration  
On the rare and radiant lass,  
I thought sweet music would play  
Through those coral lips could pass.  
But a sudden change came o'er her,  
Gone was the smile so bland;  
And she smote in sudden anger  
The back of her little hand.  
And she cried, "But I've got you,  
You'll trouble my peace no more;  
You're the same damned old mosquito  
That I tried to smash before!"

The drum-major at the head of the

—The drum-major at the head of the Georgia minstrel band is a dandy with his baton. He took the cake this morning while marching through the city, and it was the universal remark that he was a little ahead of any professional who had visited this city.  
—A private party, consisting of Dr. S. S. Judd and family and Dr. W. H. Judd and family, with a few invited friends, will make a trip up Rock River this evening, weather permitting, in honor of their guest, Mr. Warren S. Young, of Washington, D. C.

—A success in every particular. Nearly one hundred young people were present, and enjoyed themselves in the dance. Anderson's orchestra furnishing the music. Delicious refreshments were served, and the party was one to reflect credit on Miss Merrill's hospitality.

The Chicago & Northwestern railway

—The Chicago & Northwestern railway company has issued instructions to agents granting the usual reduced rates for the shipment of livestock, agricultural machinery, and other articles for exhibition at the Wisconsin State fair at Madison, September 11 to 13, the Northwestern Wisconsin fair, to be held at Oshkosh, Sept. 14 to 18 inclusive, and Wisconsin Industrial exposition, to be held at Racine, Aug. 31 to Sept. 4, inclusive.

The Georgia Minstrel band marched

—The Georgia Minstrel band marched through the principal streets this forenoon, the members in full uniform, headed by the drum major, and rendered some very fine music; in fact, the best of any traveling troupe that has visited this city for a long time. The Georgians will appear at Lippin's Music hall this evening. They come with the best of recommendations, and they will no doubt be greeted by a full house this evening.

First ward people had some little

—First ward people had some little excitement this noon in a runaway which started from in front of the residence of Mr. John J. Mathews, on "Cotton" street, and up to last account had not been recovered. The rig was a delivery wagon belonging to Mr. W. H. Bonesteel, and was driven by Mr. Mathews. While the animal was tied to a post he became frightened at a kite, and breaking the hitching strap, started from town. After going some distance the wagon struck a dray and was badly wrecked. The horse, freed from his load, kept on, and accumulated so much speed that he has not yet been brought back into civilization.

The railway companies this morning

—The railway companies this morning complied with the city ordinance recently passed by the common council by placing flags at the street crossings named in the ordinance, as follows: John Kingsley, at Academy street; Thomas Dalton, at High street; John O'Brien at Jackson; Michael Birmingham at Pleasant. The white flag when shown by the flagmen is the sign of safety, and the public may proceed across the tracks with the assurance of those "whit" flagmen that they will not be run down by a passing train. When the red flag is exhibited, there is danger ahead, and it is warning for the public not to attempt to cross the track.

Business in real estate is rather dull

—Business in real estate is rather dull just now, notwithstanding the fact that Janesville boasts of several first class firms, who are never tired of booming this and that section. On the other hand personal property appears to be rather lively, as evidenced by a prominent member of one of our leading real estate firms this morning while crossing Milwaukee street bridge in a gala. He made a desperate jump to catch his fine derby hat as it went sailing over the railing of the bridge and down into the river. The last we saw of the unfortunate dealer in real estate he was trying to hold fast to the hair on the top of his head, at the same time looking for a small boy with a diabolo to rescue him that whizzed almost reached the lower bridge.

The Detroit Free Press, in noticing

—The Detroit Free Press, in noticing the entertainment of the Georgia Minstrels in that city, says:—"The pure Caucasian may as well read his doom. The burlesque and counterfeit colored brother cannot long hold his own on the stage of negro minstrelsy against such sinuous-pure artists as those in the famous Georgia Minstrels, who gave delight to a large audience in the opera house last night. The objection to minstrelsy selected from the colored people for professional service heretofore, has been that they had not the intelligence to make them competent to compete with the white minstrels. But the company that played last night in Detroit, has made up the deficiency and took hold of its work in a masterly fashion. We have not space to extend our comments on the performance of the Georgia minstrels, but it was dramatic, and the audience was made to laugh heartily and applaud loudly all the way through." The Georgians will appear at Lippin's music hall this evening.

The esteem in which Professor Brown

—The esteem in which Professor Brown is held by the people of this city is shown every day. Last Tuesday evening the teachers surprised him and during their stay presented him with a beautiful engraving, "The Stag at Bay," by Landseer. Last evening his former pupils in the High school room invaded his house, and made him the recipient of testimonials of their regard in the shape of a gold headed cane and two handsome pieces of bronze statuary. Professor Burton in his genial, informal way, thanked the young people for these last tokens, and after dwelling on the pleasant relations which had been sustained between them, ended by saying that he knew of no better wish for the incoming administration than that they should have the same cordial support from the young people which he had received. The young folks then proceeded to make themselves thoroughly at home, with music and games. Refreshments were served by Mrs. Burton, and the last meeting between teacher and pupils turned out to be a very jolly affair.

Reception.

—The new Merchants' and Mechanics Savings bank located at the west end of Milwaukee street bridge is now completed and will be thrown open to public inspection to-morrow afternoon, from four to six o'clock, and in the evening from seven to ten. The officers extend a cordial invitation to the public to call and examine the new bank with its fire proof vault and time lock, and decide whether it is a safe receptacle for money. The bank will be open for business next Monday morning.

The Weather.

—At seven o'clock this morning the thermometer indicated 50 degrees above zero. Partly cloudy with northwest wind. At 10 o'clock p. m. the register was 73 degrees above zero. Cloudy, with west wind. For the corresponding hours one year ago the register was 50 and 74 degrees above zero.

HIGH LICENSE.

The Wisconsin Anti-Prohibition Society will fight the high license move.

—The Wisconsin Anti-Prohibition society has issued an address "to all friends of personal liberty, and especially to the laboring men of the state." The address is intended especially for the people of Milwaukee, but we understand the society will make the fight general throughout the state. The address reads:—"The Wisconsin Anti-Prohibition association wish to inform you that a number of wealthy gentlemen have petitioned the city clerk (under the new law) to call a special election on the third Tuesday in September next, for the purpose of voting the saloon license up to \$500, if they can. This enormous and unjust tax would close every laboring man's saloon in this city, and leave open only those patronized by the rich. The income tax on private rights is that those who sell beer and liquors must pay the taxes, and that our rich neighbors can escape paying their share of the municipal burdens. This association will do all it can to defeat this scheme, and call upon every saloonkeeper and liberal man in this city to join hands with us for this purpose. Our agents will make a thorough canvass of the city in a few days, and we hope every liberal-minded man who loves justice as a citizen, will become a member of our association."

The license campaign has already

—The license campaign has already opened in Milwaukee, Racine, and Madison, and petitions are ready to be presented in other cities, asking for an election to be held in order to vote on the question. These petitions will have to be filed with the city or village clerks on or before the 1st of September, in order to allow the proper notice to be given of the election, which is named in the law to be held on the third Tuesday of September. At present there is no excitement on the question in this city.

Last Night's Storm.

—The storm which passed over this city between twelve and one o'clock this morning was the most severe of the season. A heavy wind accompanied the rain, and the lightning was almost incessant. The rain poured down in torrents, and must have damaged the lot of bacon crop, but we have yet to hear of any serious loss. A telephone message was received from Emerald Grove this morning, stating that Mr. Robert L. Lippin, at that place, lost six head of imported Polled-Angus cattle by being struck by lightning; and we hear that stock of ours was at stake near Edgerton, and partly consumed by fire. Mr. Lippin's cattle were insured with the agency of Messrs. Dimock & Hayner, of this city. The storm came from the northwest and was only about a half hour in duration.

This afternoon Sheriff George Han-

—This afternoon Sheriff George Hanthorn received word from his farm at Johnston, stating that the lightning killed two of his cattle last night, and one belonging to Mr. Andrew Webber. All insured.  
A barn belonging to Mr. Fred Kiltz, of Coater, was struck by lightning, burning the barn to the ground, in which one horse perished.

Base Ball.

—The second game of ball between the Bees' and Marty's of this city was played on the first grounds yesterday afternoon. The game was a very close and exciting one and was witnessed by a very fair audience. Both nines showed themselves to be equal to the most complicated curves which Harper or Hommer could deliver and had not been for the fence near the three-quarter turn, the ball would probably have been lost. A triple play by the Marty's and a very fine one hand running out by Wintermute were the features of the play, though several ball players distinguished themselves by the awe inspiring tones in which they looked at the umpire's decisions.

The married men had a good lead

—The married men had a good lead up to the fifth inning, when the catcher Fitch had a finger broken, and a new battery was put in. Before these players were broken in to the new positions the single men had scored eleven on them, and though the martyrs struggled hard the score at the close was one in favor of the others.

Those on each side who made an

—Those on each side who made an especially brilliant batting or base running record, were:  
Single—Wickham, c.; Patzani, 1. f.; Hanson, s. s.; Ehringer, 2. b.; Polker, r. f.; Woodruff, 3. b.; Hemming, p.; Beckwith, 1. b.; Phillips, c. f.

—Married—Fritz, c.; Wyler, p.; Ray, s. s.; Webster, 1. b.; Barnham, 2. b.; Clark, 3. b.; Hayden, 1. f.; Wintermute, c. f.; Hamblin, r. f.

The following is the score by innings:

Single 1 2 3 4 5 6 7 8 9  
Marty's 3 1 1 1 1 0 4 3 2  
Charley Evenson allowed himself to be made a target for the surplus language which was floating around the diamond, by assuming the office of umpire. On the whole the game was a great success, and the next game, which will take place as soon as three or four of the players get their backbones bent into shape again, will be watched with great interest by our citizens.

It is noted for its clear green water ofathomless depth and has long been a noted summer resort, and is well worth visiting.

Miss Woodford beats Freedland for \$8,000—a \$10,000 bet.

—MORRISTOWN, Pa., Aug. 21.—The event of the day here was the special match of \$2,500 each with \$5,000 added by the association, between Freedland and Miss Woodford. When the pair first met, the odds were 100 to 1 in favor of Freedland. The horses came to the post on a canter, Miss Woodford looking like a jockey, looked weakened after exertions to reduce his weight to the requisite 110 pounds, that Miss Woodford was called upon to carry in the previous race. The 2/3 mile race was taken by Joe Braden; best time, 2:15.  
W. A. Gordon's double team Clingstone and Gay, trotted three heats to beat the double team record, 2:15 1/2, but made only 2:10.

JOHN KELLY'S PAPER SOLD.

—The New York Star Passes Into the Hands of Dorchester.  
New York, Aug. 21.—After protracted negotiations The Star newspaper has been sold. The transaction was closed Wednesday, when John Kelly, publisher of the Star, sold the paper to Dorchester, owner of the paper, with its plant and franchises and the lease of The Star building, on handing over to Mr. Henry A. Gumbelton, who represented the purchaser, the old contract, his services as publisher, and a check for \$25,000. John Kelly held a mortgage on the property for \$30,000 to secure him for money advanced to keep the paper afloat. He consented to surrender his rights under the mortgage and to abandon the assets at the same rate as other stockholders, all of whom will receive 25 per cent of the face value of their stock.

—Mr. Dorchester takes the property clear, but the papers are made out in his name, and not as attorney or agent for other persons. The new publisher declines to say whether he has yet engaged the heads of departments. The paper will appear under the new management the first week in September. Meanwhile the Saturday issue will be discontinued. The paper will be pledged to support the administration. Mr. Dorchester will be back in the city, and it is said that he is in negotiation with a western journalist for managing editor.

THE CHOLERA REACHES ENGLAND.

Death of a Girl on the Mersey—The Spanish Report.

—LONDON, Aug. 21.—A girl 7 years of age died at Wines on the Mersey Thursday of the English cholera of the worst type.  
MADRID, Aug. 20.—There were 4,109 new cases of cholera and 1,341 deaths from that disease reported here today. The only weekly persons have been attacked by the cholera, young who are public officials who were compelled to visit the hotbeds of the infection. Many people are returning to the city, which they consider safer than the provinces.  
A doctor who saved fourteen out of fifteen patients in the second stage of the infection by administering an anodyne of opium, has been authorized to apply this remedy in the hospitals.

Double Swells at Albany New York.

—ALBANY, N. Y., Aug. 21.—The double swells at Albany, N. Y., when Conley and Hosmer and Gaudin took place at the Pleasure island course at 6 o'clock Thursday evening. Everything was propitious. Seven thousand persons witnessed the contest. It is estimated that \$20,000 changed hands. Hosmer and Gaudin were strong favorites and sold \$100 to \$50, and all the men were in splendid condition. Courtney weighed 173, Conley 160, Hosmer 160 and Gaudin 172 pounds. The start was made at 6 p. m., and Courtney and Conley took the lead from the start. Both boats fouled on the slake boat but Courtney's boat got away first and finished three lengths ahead in 17:57 1/2. Hosmer and Gaudin, 17:59. The time is the best ever made for the distance. Hosmer entered a protest against the race being awarded to Courtney and mate, but the protest was not allowed.

County Fire at Chicago.

—CHICAGO, Aug. 21.—The extensive hide, seal and tallow house of Osborne, Honick & Co., located at the southeast corner of State and Michigan streets, was set afire by lightning at 3:30 o'clock Friday morning, and will probably be a total loss. At the time mentioned two watchmen were asleep in the second story of the building, a large four-story and basement, and were awakened by a terrific explosion and shock that swayed the building to its foundation. A second later, even before the alarm of fire could be sounded, the entire upper story of the warehouse was in flames. The damage will doubtless range from \$200,000 to \$300,000.

Flames Cost Eighty Thousand.

—MONTREAL, Aug. 21.—A fire caught in the Bell Telephone company's works here Thursday morning, and worked its way up into the Canadian Bank-Norway company's offices and apartments. The building was almost totally destroyed. Loss \$80,000.  
Nathaniel Bradley, the night watchman, was suffocated in his bed. The loss of the Canada company is estimated at \$100,000. The Bell telephone losses are estimated at \$8
